By Andrew Ranicki : Algebraic and Geometric Surgery (Oxford Mathematical Monographs) in mathematics 4 manifold is a 4 dimensional topological manifold a smooth 4 manifold is a 4 manifold with a smooth structure in

dimension four 30233 123384 34647 39853 200090 32180 30533 36072 15571 44322 44323 14674 19052 32508 6715 35596 1 15574 44325 19961 20514 15622 20534 15575 Algebraic and Geometric Surgery (Oxford Mathematical Monographs):

This book is an introduction to surgery theory the standard classification method for high dimensional manifolds It is aimed at graduate students who have already had a basic topology course and would now like to understand the topology of high dimensional manifolds This text contains entry level accounts of the various prerequisites of both algebra and topology including basic homotopy and homology Poincare duality bundles co bordism embeddings immersions Wh An excellent framework for various courses in Surgery Theory very readable I read this fine and carefully written book with great pleasure and highly recommend it for everyone who wants to undertake a deeper study of Surgery Theory and its Application
