3 of 4 review helpful Oklahoma Notes Neurology By marios prikis This book was a great help for my review for the usmle step 2 It is an easy to read book not so long and above all not boring at all On the contrary it was very enjoyable I would greatly recommend this book The United States Congress has designated the 1990 s as the Decade of the Brain in recognition of the major importance of neurology and the other neurosciences in the health and well being of

Americans It has been suggested that as many as 20 of all patients seeking medical treatment have neurologic problems either as the presenting complaint or as an associated condition complicating the primary illness Thus it is fitting that Springer Verlag should acknowledge t
