Giles : Introduction to the Analysis of Metric Spaces (Australian Mathematical Society Lecture Series) you may have arrived at this page because you followed a link to one of our old platforms that cannot be redirected cambridge core is the new academic platform from bibme free bibliography and citation maker mla apa chicago harvard Introduction to the Analysis of Metric Spaces (Australian Mathematical Society Lecture Series):

Assuming a basic knowledge of real analysis and linear algebra the student is given some familiarity with the axiomatic method in analysis and is shown the power of this method in exploiting the fundamental analysis structures underlying a variety of applications Although the text is titled metric spaces normed linear spaces are introduced immediately because this added structure is present in many examples and its recognition brings an interesting link with linear a
