By N.Ya. Vilenkin : In Search of Infinity information about facility team and investors working on biologically active and selective drug candidates directed against biologically well validated targets hear it all the distortion of sound a documentary about how the quality of sound has diminished over the years will shake you out of your complacency In Search of Infinity:

2 of 2 review helpful The Dark Underbelly of Rucker s _Infinity and the Mind_ By Trash Gordon As I pored over this captivating exploration into one of the deepest topics of mathematics and philosophy I thought often of how Vilenkin s smart and breezy book would make the perfect companion to Rudy Rucker s magisterial Infinity and the Mind The Science and Philosophy of the Infinite Princeton Science Library Rucker is bul The concept of infinity is one of the most important and at the same time one of the most mysterious concepts of science Already in antiquity many philosophers and mathematicians pondered over its contradictory nature In mathematics the contradictions connected with infinity intensified after the creation at the end of the 19th century of the theory of infinite sets and the subsequent discovery soon after of paradoxes in this theory At the time many scientists
