By François Rouvière : Symmetric Spaces and the Kashiwara-Vergne Method (Lecture Notes in Mathematics)

Symmetric Spaces and the Kashiwara-Vergne Method (Lecture Notes in Mathematics):

Gathering and updating results scattered in journal articles over thirty years this self contained monograph gives a comprehensive introduction to the subject Its goal is to motivate and explain the method for general Lie groups reducing the proof of deep results in invariant analysis to the verification of two formal Lie bracket identities related to the Campbell Hausdorff formula the Kashiwara Vergne conjecture give a detailed proof of the conjecture for q From the Back Cover Gathering and updating results scattered in journal articles over thirty years this self contained monograph gives a comprehensive introduction to the subject Its goal is to motivate and explain the method for general Lie groups reducin
