**By Y.-T. Siu : Lectures on Hermitian-Einstein Metrics for Stable Bundles and Kähler-Einstein Metrics: Delivered at the German Mathematical Society Seminar in Düsseldorf in June, 1986 (Oberwolfach Seminars)** Lectures on Hermitian-Einstein Metrics for Stable Bundles and Kähler-Einstein Metrics: Delivered at the German Mathematical Society Seminar in Düsseldorf in June, 1986 (Oberwolfach Seminars):

These notes are based on the lectures I delivered at the German Mathematical Society Seminar in Schloss Michkeln in DUsseldorf in June 1986 on Hermitian Einstein metrics for stable bundles and Kahler Einstein metrics The purpose of these notes is to present to the reader the state of the art results in the simplest and the most comprehensible form using at least from my own subjective viewpoint the most natural approach The presentation in these notes is reasonably
