By Anthony Tromba : Teichmüller Theory in Riemannian Geometry (Lectures in Mathematics. ETH Zürich)
Teichmüller Theory in Riemannian Geometry (Lectures in Mathematics. ETH Zürich):

These lecture notes are based on the joint work of the author and Arthur Fischer on Teichmüller theory undertaken in the years 1980-1986. Since then many of our colleagues have encouraged us to publish our approach to the subject in a

concise format easily accessible to a broad mathematical audience However it was the invitation by the faculty of the ETH Ziirich to deliver the ETH N achdiplom Vorlesungen on this material which provided the opportunity for the author
