Approach your problems from the right end It isn't that they can't see the solution and begin with the answers Then one day It is that they can't see the problem perhaps you will find the final question G K Chesterton The Scandal of Father The Hermit Clad in Crane Feathers Brown The point of a Pin in R van Gulik s The Chinese Maze Murders Growing specialization and diversification have brought a host of monographs and textbooks on increasingly specialized although originally written in French the translation by B E Schwartzbach is very good and the exposition thorough and careful This book is a welcome addition to the literature It will surely prove useful as a reference
