[Ebook pdf] Geometry of Nonholonomically Constrained Systems (Nonlinear Dynamics) (Advanced Series in Nonlinear Dynamics)

Geometry of Nonholonomically Constrained Systems (Nonlinear Dynamics) (Advanced Series in Nonlinear Dynamics)

By Richard H. Cushman, Jedrzej Sniatycki DOC | *audiobook | ebooks | Download PDF | ePub

| #6854669 in Books | World Scientific Publishing Company | 2009-12-01 | Original language: English | PDF # 1 | 9.00 x .90 x 6.10l, 1.70 | File type: PDF | 424 pages | | File size: 32.Mb

By Richard H. Cushman, Jedrzej Sniatycki : Geometry of Nonholonomically Constrained Systems (Nonlinear

Dynamics) (Advanced Series in Nonlinear Dynamics) geometry of nonholonomically constrained systems nonlinear dynamics advanced series in nonlinear dynamics document about geometry of nonholonomically constrained document about geometry of nonholonomically constrained systems nonlinear dynamics advanced series in nonlinear dynamics is available on print and Geometry of Nonholonomically Constrained Systems (Nonlinear Dynamics) (Advanced Series in Nonlinear Dynamics):

This book gives a modern differential geometric treatment of linearly nonholonomically constrained systems It discusses in detail what is meant by symmetry of such a system and gives a general theory of how to reduce such a symmetry using the concept of a differential space and the almost Poisson bracket structure of its algebra of smooth functions The above theory is applied to the concrete example of Carath Atilde copy odory s sleigh and the convex rolling rigid bod I consider this book as a fundamental reference on nonholonomic dynamics It covers a broad variety of topics and problems covering these kinds of systems It shows the importance of the geometric study of dynamical systems for integrability and qualita
