By KARL FRIEDRICH GAUSS : General Investigations of Curved Surfaces of 1827 and 1825 johann carl friedrich gauss was born on 30 april 1777 in brunswick braunschweig in the duchy of brunswick wolfenbttel now part of lower saxony germany as the the history of mathematical notation includes the commencement progress and cultural diffusion of mathematical symbols and the conflict of the methods of notation General Investigations of Curved Surfaces of 1827 and 1825:

This book was originally published prior to 1923 and represents a reproduction of an important historical work maintaining the same format as the original work While some publishers have opted to apply OCR optical character

recognition technology to the process we believe this leads to sub optimal results frequent typographical errors strange characters and confusing formatting and does not adequate
