**From Wspc : Current Developments In Differential Geometry And Its Related Fields - Proceedings Of The 4Th International Colloquium On Differential Geometry And Its Related Fields** international journal of engineering research and applications ijera is an open access online peer reviewed international journal that publishes research 2004 research publications 2004 research publications are listed alphabetically by section name below please note that copies of these publications are not held Current Developments In Differential Geometry And Its Related Fields - Proceedings Of The 4Th International Colloquium On Differential Geometry And Its Related Fields:

This volume contains contributions by the main participants of the 4th International Colloquium on Differential Geometry and its Related Fields Icdg2014 These articles cover recent developments and are devoted mainly to the study of some geometric structures on manifolds and graphs Readers will find a broad overview of differential geometry and its relationship to other fields in mathematics and physics
